Sir:

I, Gregory W. Gough, state as follows:

1. I am presently named as a joint inventor of U.S. Patent Application Serial No. 09/750,406, filed December 28, 2000.
2. I make this Declaration in support of the Amendment and Request to Correct Inventorship Pursuant to 37 C.F.R. §1.48(a) directed to Application Serial No. 09/750,406, filed December 28, 2000.
3. Gregory L. Bella and Thomas J. McCabe are the joint inventors of the subject matter disclosed and claimed in U.S. Patent Application Serial No. 09/750,406, filed December 28, 2000.
4. U.S. Patent Application Serial No. 09/750,406 was filed naming me as a joint inventor through error without any deceptive intention on my part, and, I believe, through error without any deceptive intention on the part of Gregory L. Bella, Thomas F. Nielsen, Charles Feucht, and Thomas J. McCabe, or the Assignees, Westell Technologies, Inc. and SBC Technology Resources, Inc.
5. U.S. Patent Application Serial No. 09/750,406 also named Thomas F. Nielsen and Charles

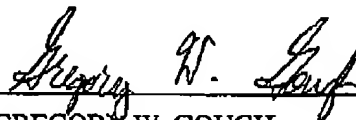

Feucht as joint inventors through error without any deceptive intention on the part of Gregory L. Bella, Thomas F. Nielsen, Charles Feucht, and Thomas J. McCabe, or the Assignees, Westell Technologies, Inc. and SBC Technology Resources, Inc.

6. U.S. Patent Application Serial No. 09/750,406 was filed naming me, Thomas F. Nielsen, and Charles Feucht, as joint inventors because, at the time of filing, Gregory L. Bella, Thomas F. Nielsen, Charles Feucht, Thomas J. McCabe and I believed that we were all joint inventors of the subject matter disclosed and claimed in the patent application.

7. On March 14, 2003, a meeting was held at Westell's Offices in Aurora, Illinois to discuss the inventorship of, and desirability of filing a continuation application based on, U.S. Patent Application Serial No. 09/750,406. The meeting was attended by Gregory L. Bella, Thomas F. Nielsen, Thomas J. McCabe, and myself. The meeting was also attended by Ms. Frances Cook, Westell's General Counsel, Earl Wirtz, Westell's regional sales Vice President, and Bradley J. Hulbert, Westell's outside patent counsel. Charles Feucht, the remaining named inventor, was unable to attend the meeting.

8. During the meeting, it became apparent to me, Gregory L. Bella, Thomas F. Nielsen, and Thomas J. McCabe that I was not a joint inventor of the subject matter disclosed and claimed in U.S. Patent Application Serial No. 09/750,406, but that only Gregory L. Bella and Thomas J. McCabe were the joint inventors of that subject matter.

9. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
